I felt, knit and dye soft of animals, accessories and all sorts of fringes. Everyone of my products is born straight from the heart touched by hands. I pick ideas from all over. They come from color combinations, simple forms, child-like and small joys. My latest idea came from woollen stockings.

I love my work and wish it shows in my products.

Felt is a fun workmate., it demands, challenges and rejoices!

Felt is work and life

HEART HANGER 2008

size: 43cm x 95cms

price: 220 €
