Felt making is my hobby. There are many aspects that interest me: flat felt, various surface structures, 3 dimensional felting, combining felt and feltmaking with other materials and other techniques. Both materials Finnsheep wool and merino wool are interesting.

When making felt your mind is resting – perhaps the physical element of felt making combined with creativity makes a meditative phase. My themes and inspiration comes often from nature or my own life, its joys and sadness – different feelings.

### **JACKET WITH HAIRPIN LACE**

size: 46

materials: hand dyed merino needle felt, silk wool yarn  
(hairpin lace)  
felt making

price: 480 €
