I am a teacher of weaving and felting and also an eternal student from Jämsä, Central Finland – I have studied pedagogics and textile art and of course felting!

Teaching is my way of life that has a hidden thought: when you share your skills and knowledge, this makes you immortal.

The diverseness and the problematic of felting fascinates me: while felting you can change the final shape and quite often it changes while the felting progresses.

GREYS 2008
size: 43 x 130 cms
material: Finnish grey sheep wool, Finnsheep wool
felt making and embroidery
price: kindly contact the feltmaker
